2024 NOTICE OF PROPOSED PROPERTY TAXES AND PROPOSED OR ADOPTED NON-AD VALOREM ASSESSMENTS (PAGE 2)

The taxing authorities which levy property taxes against your property will soon hold public hearings to adopt budgets and tax rates for the next year. The purpose of these public hearings is to receive opinions from the general public and to answer questions on the proposed tax change and budget prior to taking final action. Each taxing authority may amend or alter its proposals at the hearing.

PROPOSED OR ADOPTED NON-AD VALOREM ASSESSMENT					
LEVYING AUTHORITY	CONTACT	PURPOSE OF ASSESSMENT/PUBLIC HEARING TIME	UNITS	RATE	ASSESSMENT
TOTAL NON-AD VALOREM ASSESSMENT:					
EXPLANATION OF "TAXING AUTHORITY TAX INFORMATION" SECTION					

COLUMN 1 - "YOUR FINAL TAX RATE AND TAXES LAST YEAR"
This shows the prior year’s taxable value, tax rate and taxes that applied last year to your property. These amounts were based on budgets adopted last year and your property’s prior year taxable value.

COLUMN 2 - "YOUR TAX RATE AND TAXES THIS YEAR IF NO BUDGET CHANGE IS ADOPTED"
This shows what your taxable value, tax rate and taxes will be if each taxing authority does not change its property tax levy. These amounts are based on last year’s budget and the current year taxable value.

COLUMN 3 - "YOUR TAXES THIS YEAR IF PROPOSED BUDGET CHANGE IS ADOPTED"
This shows what your tax rate and taxes will be this year under the budget actually proposed by each taxing authority. The proposal is not final, and may be amended at the public hearings shown above. The difference between columns 2 and 3 is the tax change proposed by each local taxing authority and is not the result of value changes.

EXPLANATION OF "PROPERTY APPRAISER VALUE INFORMATION" SECTION
MARKET VALUE - The most probable sale price for a property in a competitive, open market involving a willing buyer and a willing seller as of the January 1 assessment date. The 2024 Market Value is based on the condition of the property and market conditions as of January 1, 2024, and is established by analyzing market information including sales that took place in the prior year.
ASSESSED/CAPPED VALUE - The value of your property after any assessment reductions, such as the Save-Our-Homes cap on homestead properties or 10% non-homestead cap, have been applied. This value may be reduced by a Save-Our-Homes cap benefit “ported” from a prior homestead property. The assessed value will also reflect special use classifications, such as the agricultural classification. If the assessment reductions are applied or a special use classification is granted, the assessed value could be different for School and Non-School taxing authorities.
TAXABLE VALUE - The assessed value less any applicable exemptions, such as the homestead exemption. The taxable value is the value to which millage rates are applied to determine tax amounts. Taxable values may vary for different taxing authorities to reflect the impact of taxing authority-specific exemptions or assessment caps.

ASSESSMENT REDUCTIONS APPLIED - Properties can receive an assessment reduction for a number of reasons listed below.

- There are limits on how much the assessed value of your property can increase each year. The Save-Our-Homes cap benefit (including cap portability) and the 10% non-homestead assessment cap for Non-School millages are examples.
- Certain types of property, such as agricultural land, land used for conservation, and working waterfronts, are valued based on the special property use, per Florida Statutes, as opposed to market value.
- Some reductions lower the assessed value only for levies of certain taxing authorities.

EXEMPTIONS - Exemptions are specific dollar or percentage reductions applied to the assessed value to reach the taxable value. They are usually based on residency status or statutory qualifications of the property owner. Any exemption that impacts your property is listed in this section along with its corresponding exemption value. In some cases, exemption values may vary depending on the taxing authority. For example, the additional \$25,000 homestead exemption does not apply to school millages and the additional homestead exemption for low-income seniors applies only to the municipal or MSTU millages.

Windstorm Loss Mitigation (WLM)

Section 553.844, Florida Statutes: "Windstorm loss mitigation; requirements for roofs and opening protection," requires the use of "Just Value" from the Property Appraiser's office for Ad Valorem tax purposes.

For the referenced parcel, the values are: Structure(s): \$184,152; Extra Features: \$4,091; and Land: \$295,282. Extra Feature values include improvements such as patios, pools, decks and docks, etc.

Federal Emergency Management (FEMA) "50% Rule"

FEMA Substantial Improvement/Damage determinations require the use of "Just Value", developed by the Property Appraiser's office for Ad Valorem taxation purposes, be adjusted to approximate market value. This is accomplished in our office by dividing the Just Value of the structure by 0.85. This yields the following values: **Structure(s): \$216,650**; Extra Features: \$4,813; and Land: \$347,391.

The preceding value allocation to the structure **would allow repairs/improvements not to exceed \$108,324 based on the "50% Rule"**.

If you disagree with the Property Appraiser's valuation of the structure, you may engage an independent state-certified real estate appraiser to appraise the depreciated value of the structure (building). This type of appraisal is referred to as an Actual Cash Value (aka FEMA "50% Rule") appraisal. The Building Official and/or Floodplain Manager within the property's jurisdiction will review the appraisal and if approved, the depreciated value of the structure (building) may be used in lieu of the Pinellas County Property Appraiser's value estimate.

Private appraisers should familiarize themselves with the jurisdiction's appraisal review checklist and have experience or gain competency in performing these specialized appraisal assignments. A copy of Pinellas County's Appraisal Review Checklist is available at: <https://pinellas.gov/appraisals>. Other jurisdictions (Cities) may have their own review checklist.

Once an application is submitted, an Exemptions Specialist will review the application and supporting documentation. If there are concerns or questions regarding the application, an Exemptions Specialist will contact you directly.

Applications are approved by mid-June; the status of an approved exemption will change to 'green' on your property record's detail page, and the status listed above for the appropriate year will change to "Yes." In some cases, applications may be denied. Denial notifications will be mailed via certified mail on or before July 1.

In August, your Notice of Proposed Property Taxes (TRIM Notice) will confirm your exemption status and provide you with the proposed tax amount. You may forward this to your mortgage company which may use it to determine escrow payments.

Should you have additional questions regarding your exemption status, we encourage you to contact our Exemptions Department at hx@pcpao.gov, or by calling (727) 464-3207.

No Elevation Certification on File

Our office does not maintain elevation certificates but if available, makes them visible for your convenience.

If an elevation certificate needs to be completed, please contact a State-licensed surveyor, architect, or engineer to complete one for you.

For more information about elevation certificates, please contact the Floodplain Administrator in your municipality, or if in unincorporated Pinellas, call (727) 464-7700 or visit <https://pinellas.gov/flood-elevation-certificate/>.

If you have a completed certificate, you can upload your certificate to the Florida Division of Emergency Mgmt (FDEM) website at <https://www.floridadisaster.org/elevation-certificates/>. However, as of Jan 1, 2017, Florida law requires each elevation certificate prepared by a surveyor, architect or engineer is to be submitted to FDEM.

Thank you.
