# **Datasets**

Welcome to datasets brought to you by Catawba County, NC.

The purpose of this list of datasets is to make public data easier to access, and in the process make government data more useful for everyone. This open data initiative allows Catawba County Government to partner with you, the community to use this data to create solutions for citizen needs.

There is a wide variety of data below from many different services in Catawba County, NC. As more data is made available, we will be adding more datasets to this page. Check out the different datasets and if you do not see data that you think should be included, let us know via our "Idea Box".
